### Road bike rentals Lausanne

The hilly and mountainous landscapes around Lausanne are ideal for every type of cyclists. Around Lake Geneva, the routes are relatively flat. Inland you will cycle from one hill to another through the countryside full of traditions. We certainly recommend route 46. Bike around Lake Geneva is the dream of many cyclist, you will cycle quiet roads around the lake. The total route is just less than 200 km but Switzerland's excellent rail network makes it relatively easy to break up the ride into different stages. Bicycles may transported on most regional trains and postal buses in Switzerland but requires a velo ticket. Moreover the headquarters of the

International Olympic Committee and its Olympic Museum are based in Lausanne.

Take a leisurely ride along the lake to the West to visit the charming lake side villages, starting with Morges. If you go in the opposite direction you will soon be in the Lavaux wine region and its spectacular wine terraces that are one of Unesco's World Heritage sites.

Alternatively starting from downtown Lausanne on by the lake front, you can to ride around the entire length of Lake Geneva, which at 180 km is a proper day in the saddle along a mostly flat route. Beware of some traffic on the Southern French side but you will have dedicated cycle lanes pretty much the whole way between Geneva and Montreux.
