Road Bike rentals Chamonix & experience the French Alps on an E Bike!

Chamonix is ??an ideal destination for road cyclists or ebikers. Many cyclists who come to the Chamonix area are there for the challenging climbs. You will find many half day trips, day trips and several days of travel in all kinds of levels. Cycling in Chamonix is ??a bit different than biking at home. The roads around Chamonix belong to one of the most grueling parts of the Tour de France, but for the more enthusiastic people and the real professionals there is both the possibility to tackle the summits around Chamonix.

You do need a reasonable condition. But it does not require a super shape but an ability to cycle comfortably for 3 to 4 hours. The climbs may not be so steep, but they are especially long

and also with the warmth a bigger challenge than you think. But do not get discouraged, if you are honest about your level and have sufficiently low gears, then it will certainly be a nice experience.

The French Alps with its fast descents, beautiful views, high peaks, deep valleys, quiet well-built roads, good weather and much more makes this area one of the best cycling destinations in Europe!
