Road Bike rentals Corsica & experience Corsica on an E Bike!

The mountainous terrain makes Corsica not an easy island to cycle but that makes it more challenging to cycle. Stunning landscapes, crystal-clear waters, impressive cliffs and spectacular views making Corsica one of the best cycling destinations in France great. But also the perfectly paved routes and the peaceful villages are the pearls of Corsica Island. Nearly 60% of the island is covered by natural parks. Corsica is very often described as ‘the mountain in the Mediterranean sea’,

The island is also large enough and easily to cycle around in one cycling holiday. Apart from the busier and larger cities, the roads are relatively quiet and wonderful for cycling. Cycling in Corsica is an adventure. The highest peak is 2706 meters, where it always blows. So a bit of

training could be a good recommendation!
