Monday

Los Gigantes 54 km Uphill 1290 - Downhill 1920

Shuttle from the shop to tour starting point (to avoid heavy traffic zones). Los Gigantes Valley. Train your climbing and downhill skills on smooth and gentle winding roads with great views. A nice 3 km drop towards the Los Gigantes valley will be the start for a great day out on the bike. The climb from Tamaimo to Arguayo (today's highest point, 1100m) offers a regular gradient that is ideal for steady pace training. Later we cross the Terra Negra region: these black volcanic rocks are the remains of numerous volcanic eruptions. The ride back towards the bike centre is a gentle warm down for another awesome ride.

Tuesday

Teide West 75 km Uphill 1120 - Downhill 2490

Shuttle from the shop to tour starting point (to avoid heavy traffic zones). Los Paleos view point at 1450 mtr. is the start for this "must do" ride towards the colossal Mount Teide. The southern coast line, and this entire route, is simply spectacular.
