Discover Salento on two wheels with the Marenea Suite Hotel

Salento is located in “the heel of Italy”, on a peninsula that, jutting south-east, divides two seas, the Adriatic and the Ionian. This land smiles at the bicycle tourist! Its hillocks never climb more than 200 meters and even beginners can easily enjoy its beauty by bicycle. And the sea – words cannot describe it’s beauty, which has become internationally renowned. But we wish to bring light to the many treasures hidden, not only by the sea, but also inland!

The region around Castro and the Marina di Marittima is perfect for cycling. You will find isolated beaches and you’ll cycle over quite countryside roads with always the Adriatic Sea in the vicinity. The hotel is central located and you can cycle to Otranto northwards or to Leuca in the "heel of Italy. We certainly recommend this beautiful Otranto – Leuca coastal route! When having time left and really stunning is the coastal path from Leuca to Gallipoli with 50km of white sandy beaches and plenty of time to take a dip in the crystal blue Ionian sea.
