## Cycle the same route as the famous Spring Classic

Milan-San Remo is the first of the 5 Monuments of Cycling. This is the longest one-day event of the entire Pro calendar. The Granfondo **MILAN – SAN REMO** Amatori cicloturista in June covers the same route as the famous Spring Classic. This is one of the longest one-day amateur road cycling events, with a distance of approximately 298km from the outskirts of Milan, crossing the Lombardy and Piedmont Plains, proceeding to the ascent of the Turchino, and arriving finally at the Ligurian Riviera.

From Genoa, the route follows the coast of the Ligurian Sea right to the finish line, which can only be conquered by venturing up the legendary climbs of the Cipressa and the Poggio of Sanremo.

Logistics are tricky as the start and the finish are so far apart, but don't worry – we've got you covered! This is your opportunity to ride the route of the longest one-day event on the UCI calendar. Stay 2 nights in Milan and 1 night in San Remo near the start/ finish, with breakfasts and dinners included. Included as well are your Gran Fondo entry and the services of the local team led by Giro d'Italia stage winner Andrea Ferrigato. On race day, there will be 2 private feed stations plus transport of your luggage and bike boxes to San Remo
